INTRO

DECORATIVE LIGHTING DESIGNED TO SHAPE ATMOSPHERE

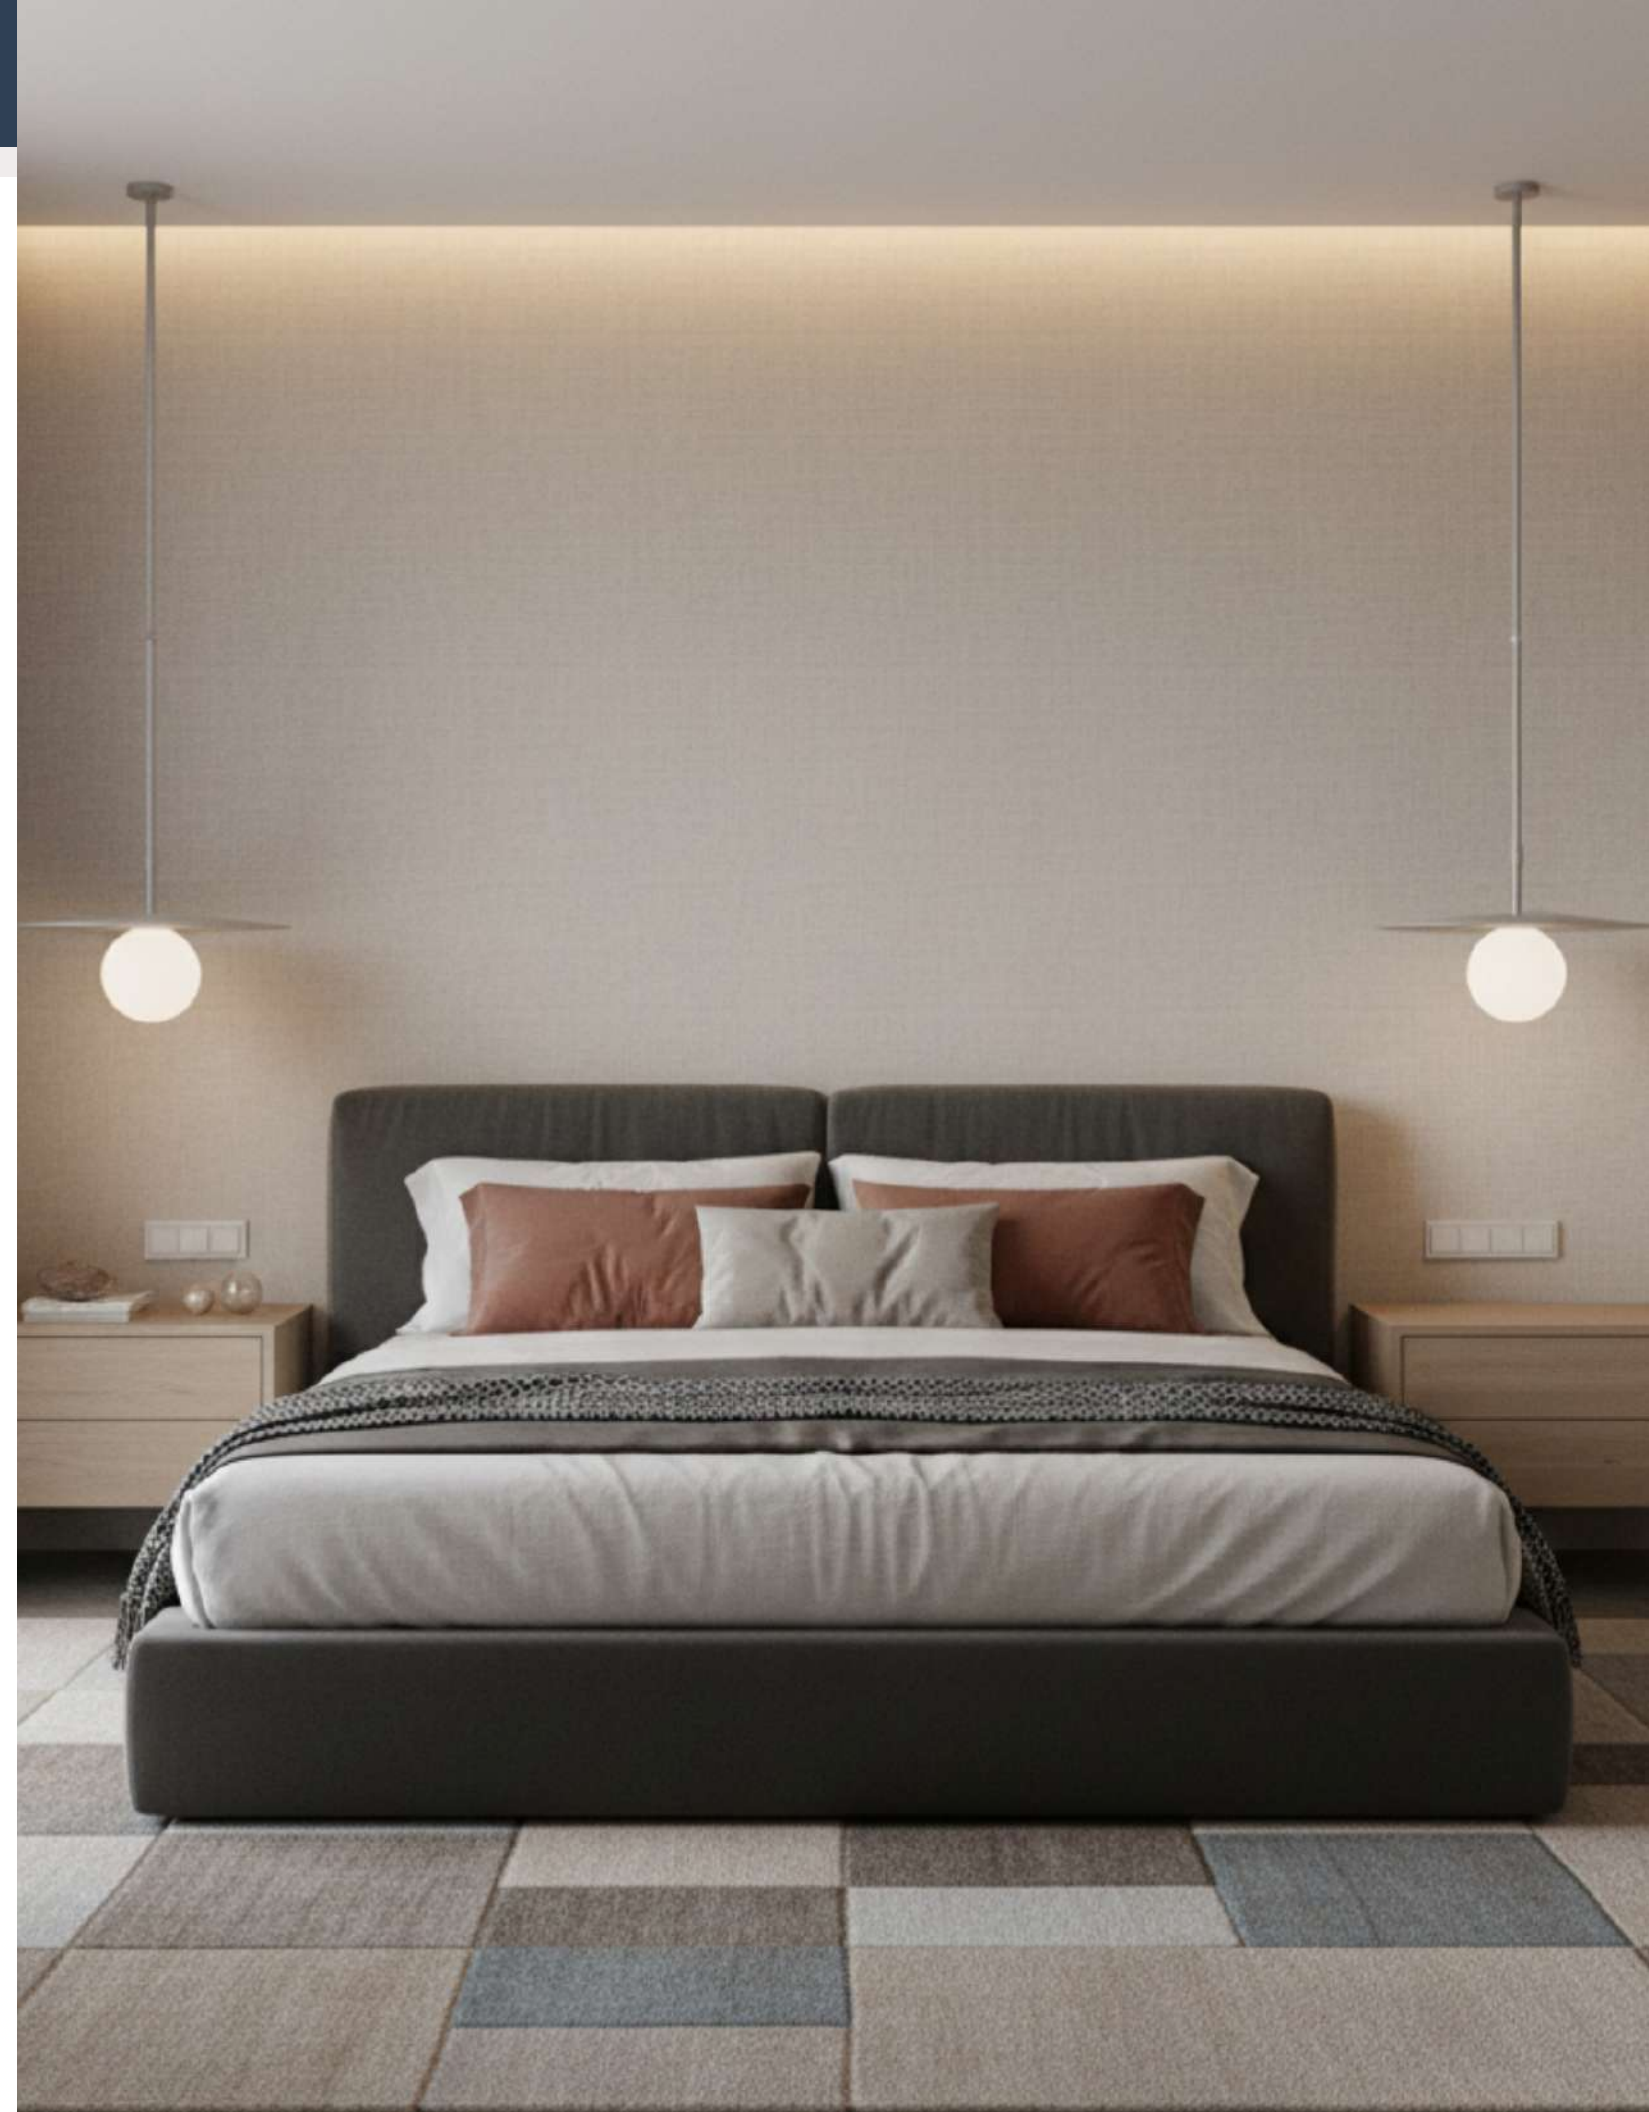

Decorative lighting is more than illumination. It creates mood, shapes perception, and brings character to a space.

Bock Lighting's Decorative Commercial Collection combines modern forms, durable materials, and customizable configurations to support hospitality, retail, restaurants, workplace, and residential/multifamily environments. Our fixtures are designed to elevate the experience of a space through form, material, and light.

Manufactured in Ohio and configurable for a wide range of applications, each fixture reflects Bock's commitment to quality, customization, and enduring design.

The Decorative Commercial Collection is organized into three primary categories: **Pendant, Ceiling, and Wall Sconce**, alongside featured collections including **Wood Accent Fixtures and Geometric Fixtures**.

Together, these collections offer a range of decorative lighting solutions designed to bring warmth, and character into commercial and residential environments.

POWDER COAT COLORS

What is Powder Coating?

Powder coating is the process of coating a surface in which a powder is electrically charged to metal. The applied powder is then heated (cured) to its melting point. It flows to form a smooth film which cools to a firm, durable finish very resistant to scratches, cracking, peeling, UV rays, and rust.

NEW Standard Finishes - Earth Palette!

These warm muted colors are inspired by the Earth's natural hues! This new standard palette conveys warmth and comfort. Perfect for your next design project, these Earth tones can be used in rustic & traditional projects but can also be integrated into modern & minimalist designs!

The printed color samples shown are subject to various effects of printing and may vary slightly from the actual painted product.

BOCK'S PROJECTS

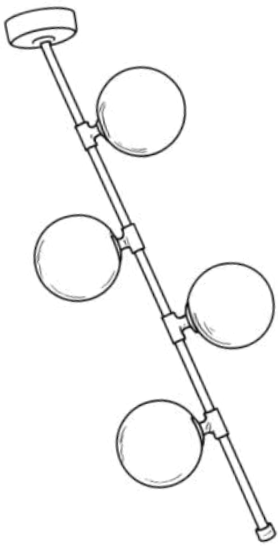

Customization? We can help!

At Bock, customized projects aren't exceptions, they're business as usual. We regularly work with designers to develop custom solutions and we recognize that each project has its own unique challenges and demands.

Some of the most common customization requests include:

- Unique mounting solutions
- Variations in color or finish
- Changes to trim styles
- Aesthetic tweaks to existing products
- Custom configurations from scratch

Please send your custom request to sales@bocklighting.com (BIM, IES and CAD files) or give us a call 216-912-7050.****
