DLL-42ARM

DLL - LED Dock Light

The **DLL-42ARM** is equipped with a **42-inch arm** and swivel joint for positioning. It includes an easy mounting bracket and a **360-degree swing arm** that allows for full rotation. The one-arm operated tilt and swivel U-bracket mount enables simple adjustments, while the **tactile on/off switch** provides reliable control. The unit features shock and water resistant housing to protect against environmental damage, and the powder-coat finish helps prevent corrosion. This combination of features makes the DLL-42ARM **suitable for both indoor and outdoor mounting applications**.
